

Speakers Bureau

**HENRY
FORD
HEALTH**

Tomorrow's
breakthroughs,
shared today

henryford.com/speakersbureau

The Henry Ford Medical Group is a resource for your next event or medical education gathering

From the operating rooms to the research labs, doctors of the Henry Ford Medical Group pursue cutting edge treatments that not only save, but change lives. And now, Henry Ford is bringing you their world of medical and scientific expertise in more than 40 specialties.

Speaking from experience

When it comes to choosing a speaker for your next event or medical education gathering, partner with a health system and group of doctors that continue to pioneer their practice in categories across the board - The Henry Ford Medical Group offers a collection of groundbreaking topics you won't find anywhere else.

To schedule a Henry Ford speaker, please call 877.434.7470 or email us at speakersbureau@hfhs.org.

Contents

Acute care surgery	2
ASD and Intellectual/Developmental Disabilities	2
Cancer	2-10
Cardiovascular Medicine	10-12
Colon & rectal surgery	12
Ear, nose, and throat	13
Gastroenterology	14-15
Healthcare & research leadership	15
Hepatology	15-16
Infectious disease	15-17
Innovation & technology in surgery	17
Interventional radiology	17
Medical education & training	18
Multidisciplinary approach transgender care	18
Neuro interventional radiology	18
Neuroscience	19-20
Ophthalmology	21
Orthopedic surgery	21-23
Pediatric radiology	24
Physician wellness	24
Plastic surgery	25-26
Pulmonary medicine	26-27
Radiology	27
Rheumatology	27
Sleep medicine	28
Thoracic surgery	29
Transplantation surgery	29
Trauma and critical care	29-30
Urology	30
Vascular	31-32

**HENRY
FORD
HEALTH** SM

Acute care surgery – topics and speakers

Speaker for all topics listed below:

Anthony J. Falvo, D.O.

- **Complex abdominal wall hernias and reconstruction**
 - **Management of acute necrotizing pancreatitis with or without infection**
-

ASD and Intellectual/Developmental Disabilities – topics and speakers

ADHD

Jannel Phillips, Ph.D.

Melissa Hendriks, M.D.

Tisa Johnson-Hooper, M.D.

ASD and rising prevalence

Melissa Maye, Ph.D.

Tisa Johnson-Hooper, M.D.

Healthcare transition

Tisa Johnson-Hooper, M.D.

ASD and co-occurring behavioral health

Melissa Hendriks, M.D.

Safety considerations across the autism spectrum

Emily LeRose, Ph.D.

Tisa Johnson-Hooper, M.D.

Educational considerations for children with ASD/ID

Jannel Phillip, Ph.D.

Improving interactions and communication in the medical setting for patients with ASD/IDD

Emily LeRose, Ph.D.

Naturalistic developmental behavioral interventions – strategies to support social communication in the birth-to-5 realm

Melissa Maye, Ph.D.

Cancer – topics and speakers

Brain and spine cancer

Brain brachytherapy and laser treatment for previously untreatable brain tumors

Ian Lee, M.D.

Adam Robin, M.D.

Brain tumor radiation therapy

Salim Siddiqui, M.D., Ph.D.

Central nervous system metastases

Adam Robin, M.D.

Lisa Rogers, M.D.

Guidelines for treating brain cancer metastasis

Adam Robin, M.D.

Latest treatments for brain cancer

Ian Lee, M.D.

Adam Robin, M.D.

James Snyder, D.O.

Tobias Walbert, M.D., Ph.D.

Multidisciplinary care of brain cancer patients

Adam Robin, M.D.

Lisa Rogers, M.D.

Salim Siddiqui, M.D.

James Snyder, D.O.

Skullbase, pituitary and endoscopy center

John R. Craig, M.D.

Adam Robin, M.D.

Jack P. Rock, M.D.

Spinal cord compression radiation therapy

Salim Siddiqui, M.D., Ph.D.

Stereotactic radiation therapy

Salim Siddiqui, M.D., Ph.D.

Treatment updates in brain cancer

James Snyder, D.O.

Tobias Walbert, M.D.

Continued

Breast cancer

African ancestry and high-risk triple negative breast cancer

Jessica Bensenhaver, M.D.

Aftermath of breast cancer treatment

Monique Swain, M.D.

Breast cancer surgery

Theresa Schwartz, M.D.

Gynecologic concerns and management

Monique Swain, M.D.

Management of benign breast problems

Lindsay Petersen, M.D.

Management of early stage breast cancer

Anna Lehrberg, M.D.

Multidisciplinary care of breast cancer patients

Haythem Ali, M.D.

Radiation therapy for breast cancer

Eleanor M. Walker, M.D.

Surgical management of lymphedema

Dunya Atisha, M.D.

Update in breast reconstruction

Maristella Evangelista, M.D.

Cancer clinical trials

Clinical trials in breast cancer

Haythem Ali, M.D.

Clinical trials in gastrointestinal cancers

Philip A. Philip, M.D.

Clinical trials in head and neck cancer

Shivangi Lohia, M.D.

Samantha Tam, M.D.

Clinical trials in lung cancer

Shirish Gadgeel, M.D.

Clinical trials in neuro-oncology

James Snyder, D.O.

Tobias Walbert, M.D., Ph.D.

Clinical trials in prostate cancer

Clara Hwang, M.D.

Phase I clinical trials at Henry Ford Health

Shirish Gadgeel, M.D.

Amy Weise, M.D.

Colon and rectal cancer

Colon cancer surgery with minimally invasive techniques

Edward Itenberg, D.O.

Surya Nalamati, M.D.

Incorporating patient and provider friendly neoadjuvant therapy regimens for rectal cancer

Parag Parikh, M.D.

Philip A. Philip, M.D.

Ira Wollner, M.D.

Multidisciplinary care of rectal cancer patients:

Gazala Khan, M.D.

Surya Nalamati, M.D.

Parag Parikh, M.D.

Craig Reickert, M.D.

Novel targeted therapies in colon cancer

Maria Diab, M.D.

Gazala Khan, M.D.

Philip A. Philip, M.D.

Transanal surgery – a minimally invasive option for removal of rectal tumors

Surya Nalamati, M.D.

Craig Reickert, M.D.

Endocrine cancer

Minimally invasive thyroid surgery

Michael Singer, M.D.

Parathyroid issues and clinical challenges

Rupen Shah, M.D.
Michael Singer, M.D.

Thyroid cancers

Rupen Shah, M.D.
Michael Singer, M.D.

Gynecologic cancer

Adjuvant therapies in women with endometrial cancer

Mohamed A. Elshaikh, M.D.
Miriana Hijaz, M.D.

Image guided brachytherapy in cervical cancer

Mohamed A. Elshaikh, M.D.

Role of radiation in gynecologic oncology

Mohamed A. Elshaikh, M.D.

The role of radiation treatment in vulvar carcinoma

Mohamed A. Elshaikh, M.D.

Updates in endometrial cancer treatment

Miriana Hijaz, M.D.

Updates in ovarian cancer treatment

Miriana Hijaz, M.D.

Gastrointestinal cancer

Anal cancers

Maria Diab, M.D.
Gazala Khan, M.D.
Philip A. Philip, M.D.

Appendix cancers

Maria Diab, M.D.
Gazala Khan, M.D.
Philip A. Philip, M.D.

Bile duct and gall bladder cancers

Maria Diab, M.D.
Gazala Khan, M.D.
Philip A. Philip, M.D.

Biomarkers and genomic profiling in gastrointestinal cancers

Maria Diab, M.D.
Gazala Khan, M.D.
Philip A. Philip, M.D.

Immunotherapy of GI cancers

Gazala Khan, M.D.
Philip A. Philip, M.D.

Molecular Profiling of GI cancers

Philip A. Philip, M.D.

Novel targeted therapies in gastrointestinal cancers

Philip A. Philip, M.D.

Overview of gastrointestinal cancers

Philip A. Philip, M.D.

Recent advances in the management of small bowel neuroendocrine tumors

Philip A. Philip, M.D.
Rupen Shah, M.D.

Role of cytoreductive surgery and hyperthermic intraperitoneal chemotherapy (HIPEC) and its evolving indications in GI malignancies

Rupen Shah, M.D.

Peptide receptor radiation treatment (PRRT) for neuroendocrine tumors

Philip A. Philip, M.D.

Update on gastric cancer management

Maria Diab, M.D.
Gazala Khan, M.D.
Rupen Shah, M.D.

Updates on most recent clinical trials in gastrointestinal cancers

Philip A. Philip, M.D.

Using MRI guided radiation to decrease treatment duration and toxicity for gastrointestinal cancers

Parag Parikh, M.D.

Continued

Genitourinary and prostate cancer

Adjuvant and salvage radiation treatment in testicular seminoma

Mohamed Elshaikh, M.D.

Bladder preservation approach-a multidisciplinary approach for bladder cancer

Mohamed Elshaikh, M.D.

Disparities in prostate cancer: a path towards health equity

Firas Abdollah, M.D.

Clara Hwang, M.D.

Eleanor Walker, M.D.

Evaluation and minimally invasive treatment of adrenal tumors

Craig G. Rogers, M.D.

Rupen Shah, M.D.

Evaluation and minimally invasive treatment options for kidney tumors

Amit Patel, M.D.

Craig G. Rogers, M.D.

Hypofractionation and prostate SBRT in prostate cancer

Mohamed Elshaikh, M.D.

Immunotherapy for bladder and prostate cancer

Johar Raza, M.D.

Immunotherapy for the treatment of genitourinary malignancies

Clara Hwang, M.D.

Inherited forms of urologic malignancies

Johar Raza, M.D.

Management of patients with high risk prostate cancer

Mohamed Elshaikh, M.D.

Aharon Feldman, M.D.

Management of patient with intermediate prostate cancer

Mohamed Elshaikh, M.D.

Aharon Feldman, M.D.

Management of small renal masses and renal cysts

Craig G. Rogers, M.D.

Minimally invasive surgery for bladder cancer

Jeff Budzyn, M.D.

Johar Raza, M.D.

Minimally invasive surgery for prostate cancer

Firas Abdollah, M.D.

Amit Patel M.D.

Wooju Jeong M.D.

James O. Peabody, M.D.

Craig G. Rogers, M.D.

Multidisciplinary care of bladder cancer patients

Jeff Budzyn, M.D.

Mohamed Elshaikh, M.D.

Clara Hwang, M.D.

Johar Raza, M.D.

Multidisciplinary care of prostate cancer patients

Mohamed Elshaikh, M.D.

Clara Hwang, M.D.

James Peabody, M.D.

Novel targeted therapies for advanced kidney cancer

Clara Hwang, M.D.

Precision medicine in GU oncology

Clara Hwang, M.D.

Recent advances in prostate cancer treatment-systemic therapies

Clara Hwang, M.D.

Robotic adrenalectomy and partial adrenalectomy

Craig G. Rogers, M.D.

Rupen Shah, M.D.

Robotic nephroureterectomy

Amit Patel M.D.

Johar Raza M.D.

Jeff Budzyn, M.D.

Craig G. Rogers, M.D.

Robotic surgery for prostate, kidney, and adrenal tumors

Firas Abdollah, M.D.
Amit Patel M.D.
Wooju Jeong M.D.
Craig G. Rogers, M.D.

The role of radiation treatment in oligometastatic prostate cancer

Mohamed Elshaikh, M.D.

Prostate cancer screening – opportunities for shared decision making

Firas Abdollah, M.D.
Clara Hwang, M.D.
Daniel Moore, M.D.
Craig Rogers, M.D.

Postprostatectomy radiation treatment, adjuvant vs salvage

Mohamed Elshaikh, M.D.

Updates in focal therapy for prostate cancer: precision prostatectomy

Firas Abdollah, M.D.
Craig Rogers, M.D.

Head and neck cancer

Clinical trials in head and neck cancer

Syed Ali, M.D.
Shivangi Lohia, M.D.
Samantha Tam, M.D.

Early oral cavity/sentinel node

Steven Chang, M.D.
Samantha Tam, M.D.

Free flap reconstruction of the head and neck

Suhael Momin, M.D.

Functional outcomes of head and neck cancer

Suhael Momin, M.D.
Samantha Tam, M.D.

Head and neck cancer (throat, voice box, tongue, jaw and oral cavity, tonsil cancers)

Syed Ali, M.D.
Suhael Momin, M.D.
Samantha Tam, M.D.

Head and neck melanoma

Samantha Tam, M.D.
Amy Weise M.D.

Head and neck skin cancer

Farzan Siddiqui M.D., Ph.D.
Samantha Tam, M.D.
Amy Weise M.D.

HPV and head and neck cancer

Suhael Momin, M.D.
Farzan Siddiqui, M.D., Ph.D.

Mandibular reconstruction

Suhael Momin, M.D.

Multidisciplinary care of head and neck cancer patients

Steven Chang, M.D.
Sheqwara, M.D.
Farzan Siddiqui, M.D.
Samantha Tam, M.D.

Photodynamic therapy

Steven Chang, M.D.
Suhael Momin, M.D.

Radiation therapy in head and neck cancer

Farzan Siddiqui, M.D., Ph.D.

Rehabilitation in head and neck cancer

Megan Carlson, S.L.P.
Tim Carrier, S.L.P.
Diana Walker S.L.P.

Re-irradiation in head and neck cancer

Farzan Siddiqui, M.D., Ph.D.

RFA for thyroid nodules

Shivangi Lohia M.D.

Sinus cancer

Samantha Tam, M.D.

Thyroid cancer

Michael Singer, M.D.

Samantha Tam, M.D.

Updates in head and neck medical oncology

Haythem Ali M.D.

Oluchukwu Oluoha, M.D.

Amy Weise M.D. (cutaneous)

Hematologic diseases

Evaluation and management of ALL, CLL, NHL, Hodgkin lymphoma

Vijaya Donthireddy, M.D.

Philip Kuriakose, M.D.

Jawad Sheqwara, M.D.

Evaluation and management of AML, CML

Ahmad Mattour, M.D.

Christopher Willner, M.D.

Evaluation and management of anemia and thrombocytopenia

Bernd Barthel, M.D.

Evaluation and management of bleeding disorders

Vrushali Dabak, M.D.

Vijaya Donthireddy, M.D.

Philip Kuriakose, M.D.

Evaluation and management of clotting disorders:

Vijaya Donthireddy, M.D.

Philip Kuriakose, M.D.

Jawad Sheqwara, M.D.

Evaluation and management of MDS

Ahmad Mattour, M.D.

Christopher Willner, M.D.

Evaluation and management of myeloproliferative disorders

Ahmad Mattour, M.D.

Christopher Willner, M.D.

Evaluation and management of plasma cell disorders (multiple myeloma, amyloidosis)

Vrushali Dabak, M.D.

Philip Kuriakose, M.D.

Jawad Sheqwara, M.D.

Evaluation and management of sickle cell disease

Vrushali Dabak, M.D.

Role of radiation in lymphomas

Mira Shah, M.D.

Liver cancer

Liver cancer, locoregional therapy, transplant and resection

Shunji Nagai, M.D.

Mike Rizzari, M.D.

Reena Salgia, M.D.

Atsushi Yoshida, M.D.

Metastatic colorectal liver cancer surgery

Maria Diab, M.D.

Multidisciplinary management of hepatocellular carcinoma

Marwan Abouljoud, M.D.

Reena Salgia, M.D.

Multi focal nodular hyperplasia (FNH), adenomas, and benign hepatic masses

Maria Diab, M.D.

Shunji Nagai, M.D.

Reena Salgia, M.D.

Atsushi Yoshida, M.D.

Neuroendocrine resection and transplant for metastatic disease

Shunji Nagai, M.D.

Atsushia Yoshida, M.D.

Role of resection and transplant in hilar and intrahepatic cholangiocarcinoma

Marwan Abouljoud, M.D.

Shunji Nagai, M.D.

Atsushi Yoshida, M.D.

Role of transplantation in metastatic neuroendocrine tumors

Shunji Nagai, M.D.

Lung cancer

Advances in radiation oncology and lung cancer

Khalid Adil, M.D.

Benjamin Movsas, M.D.

Esophageal cancer screening

Ikenna Okereke, M.D.

Lung cancer screening

Andrew Popoff, M.D.

Michael Simoff, M.D.

Lung cancer update-What is the buzz about?

Shirish Gadgeel, M.D.

Minimally invasive approaches to surgery for lung cancer

Corbin Cleary, M.D.

Multidisciplinary care of lung cancer patients

Khalid Adil, M.D.

Shirish Gadgeel, M.D.

Andrew Popoff, M.D.

Multidisciplinary care of esophageal cancer patients

Ikenna Okereke, M.D.

Surgical advances in the management of lung cancer

Andrew Popoff, M.D.

Pancreas cancer

Cystic neoplasms of pancreas

David Kwon, M.D.

Multidisciplinary care of pancreatic cancer patients

Maria Diab, M.D.

David Kwon, M.D.

Parag Parikh, M.D.

Philip A. Philip, M.D.

Multidisciplinary care of pancreatic neuroendocrine tumors

Rupen Shah, M.D.

Philip A. Philip, M.D.

Pancreas cancer surgery

David Kwon, M.D.

Pancreas neoplasms overview

David Kwon, M.D.

Philip A. Philip, M.D.

Pancreas and small bowel neuroendocrine tumors

Philip A. Philip, M.D.

Rupen Shah, M.D.

Radiation oncology

The future of radiation oncology is here – real-time MR-guided adaptive treatment

Benjamin Movsas, M.D., Ph.D.

New technological advances in radiation oncology

ViewRay Parag Parikh, M.D.

Palliative radiation therapy

Jadranka Dragovic, M.D.

Salim Siddiqui, M.D., Ph.D.

Skin cancer

Current controversies in melanoma management

Katherine Cools, M.D.

Rupen Shah, M.D.

Evolving management of melanoma with dermatologic surgery

Molly Powers, M.D.

Non-surgical management of complex skin cancers

Farzan Siddiqui, M.D., Ph.D.

Surgical techniques in melanoma management

Katherine Cools, M.D.

Rupen Shah, M.D.

Treatment updates in melanoma

Katherine Cools, M.D.

Soft tissue and bone cancer

Advances in the treatment of retroperitoneal soft tissue sarcomas

Katherine Cools, M.D.

Advances in the treatment of soft tissue sarcomas

Katherine Cools, M.D.

Michael P. Mott, M.D.

Complex reconstructions and considerations in the management of bone and soft tissue benign and malignant tumors

Michael P. Mott, M.D.

Complex reconstruction for failed non-oncologic limb salvage procedures

Michael P. Mott, M.D.

Limb salvage for malignant bone tumors

Michael P. Mott, M.D.

Management of bone and soft tissue sarcomas

Michael P. Mott, M.D.

Role of radiation therapy in management of soft tissue sarcomas

Jadranka Dragovic, M.D.

Special considerations in the management of pediatric and young adult connective tissue extremity malignancies

Michael P. Mott, M.D.

Stem cell transplant

How to improve close collaboration between stem cell transplant and referring hematologist

Muneer H. Abidi, M.D.

Shatha Farhan, M.D.

Edward Peres, M.D.

Indications for stem cell transplant and referral timing

Muneer H. Abidi, M.D.

Shatha Farhan, M.D.

Edward Peres, M.D.

Introduction to CAR T cell therapy

Muneer H. Abidi, M.D.

Shatha Farhan, M.D.

Edward Peres, M.D.

Introduction to stem cell transplant

Muneer H. Abidi, M.D.

Shatha Farhan, M.D.

Edward Peres, M.D.

Management of graft vs. host disease

Muneer H. Abidi, M.D.

Shatha Farhan, M.D.

Edward Peres, M.D.

Role of autologous stem cell transplant for multiple myeloma

Muneer H. Abidi, M.D.

Shatha Farhan, M.D.

Edward Peres, M.D.

Short term and long term complications associated with stem cell transplant

Muneer H. Abidi, M.D.

Shatha Farhan, M.D.

Edward Peres, M.D.

Supportive and integrative oncology

Integrative oncology-complementary and alternative treatments

Michael Ryan, PsyD

Eleanor M. Walker, M.D.

Patient reported outcomes as a vital sign in cancer care

Steven Chang, M.D.

Psych-oncology in whole person cancer care

Michael Ryan, PsyD

Cardiovascular Medicine – topics and speakers

Advanced cardiac amyloidosis

Karthikeyan Ananth, M.D.

Celeste Williams, M.D.

Advanced heart failure therapy and transplant

Waleed Al-Darzi, M.D.

Lindsey Aurora, M.D.

Jennifer A Cowger, M.D.

Gillian F Grafton, D.O.

Alexander T. Michaels, M.D.

Cristina Tita, M.D.

Celeste T Williams, M.D.

Aortic aneurysm

Adam Daly, M.D.

Kyle Miletic, M.D.

Aortic dissection

Adam Daly, M.D.

Kyle Miletic, M.D.

Aortic valve stenosis

Pedro Engel, M.D.

Tiberio Frisoli, M.D.

Brian O'Neill, M.D.

Sachin S. Parikh, M.D.

Pedro Villablanca, M.D.

Approach to management of Ventricular Tachycardia

Mohamad Raad, M.D.

Atrial fibrillation ablation

Arfaat Khan, M.D.

Atrial septal defect (ASD)

Tiberio Frisoli, M.D.

Sachin S. Parikh, M.D.

Brachytherapy

Mir B. Basir, D.O.

Jennifer Cowger, M.D.

Cardiogenic shock (echocardia and bradycardia)

Mir B. Basir, D.O.

Cardio-Oncology

Madhulata Reddy, M.D.

Yelena Selektor M.D.

Cardiovascular risk prevention

Sachin S. Parikh, M.D.

Complex PCI

Vikas Aggarwal, M.D.

Khaldoon Alaswad, M.D.

Mohammad Alqarqaz, M.D.

Babar Basir, M.D.

Brittany Fuller, M.D.

Gerald Koenig, M.D.

Assad Nakhle, M.D.

Congenital heart disease

Pedro Engel, M.D.

Tiberio Frisoli, M.D.

Brian O'Neill, M.D.

Sachin S. Parikh, M.D.

Pedro Villablanca, M.D.

Coronary artery disease and surgical solutions

Raed Al Najjar, M.D.

Hassan Nemeh, M.D.

Continued

CTO

Khaldoon Alaswad, M.D.

Babar Basir, M.D.

Assad Nakhle, M.D.

Durable Left Ventricular Assist Device (LVAD)

Gillian F Grafton, D.O.

ECMO (extracorporeal membrane oxygenation)

Mir B. Basir, D.O.

Genetic cardiomyopathy

David Lanfear, M.D.

Heart transplant

Hassan Nemeh, M.D.

Kyle Miletic M.D.

HOCM and LVOT obstruction surgery

Hassan Nemeh, M.D.

Hypertrophic cardiomyopathy

Tiberio Frisoli, M.D.

Ryan Gindi, M.D.

Bashar Hannawi, M.D.

Madhulata Reddy, M.D.

Informatics and AI in cardiology

Sachin S. Parikh, M.D.

Interventions for hypertrophic cardiomyopathy

Pedro Engel, M.D.

Tiberio Frisoli, M.D.

Brian O'Neill, M.D.

Pedro Villablanca, M.D.

The latest heart-imaging techniques

Karthikeyan Ananth, M.D.

Sachin S. Parikh, M.D.

Lead extraction updates

Karl Ilg, M.D.

Left atrial appendage closure

Tiberio Frisoli, M.D.

Brian O'Neill, M.D.

Pedro Villablanca, M.D.

Lipid disorders

Sachin S. Parikh, M.D.

Lung transplant

Hassan Nemeh, M.D.

Kyle Miletic M.D.

Minimally invasive cardiac surgery

Raed Al Najjar, M.D.

Hassan Nemeh, M.D.

Mitral regurgitation

Tiberio Frisoli, M.D.

Brian O'Neill, M.D.

Sachin S. Parikh, M.D.

Pedro Villablanca, M.D.

Mitral stenosis

Pedro Engel, M.D.

Tiberio Frisoli, M.D.

Brian O'Neill, M.D.

Pedro Villablanca, M.D.

Mitral valve disorders

Hassan Nemeh, M.D.

Multimodality imaging approach to aortic stenosis

James Lee, M.D.

Sachin S. Parikh, M.D.

Multimodality imaging of ventricular assist devices

James Lee, M.D.

Multimodality planning and guidance of left atrial appendage closure

James Lee, M.D.

Patent foramen ovale

Pedro Engel, M.D.
Tiberio Frisoli, M.D.
Brian O'Neill, M.D.
Pedro Villablanca, M.D.

Pulmonary valve stenosis

Pedro Engel, M.D.
Tiberio Frisoli, M.D.
Brian O'Neill, M.D.
Pedro Villablanca, M.D.

Precision medicine and genetics

David E. Lanfear, M.D.

Remote invasive hemodynamic monitoring

Gillian Grafton, D.O.

The role of circulatory assist devices for the heart failure patient

Hassan W. Nemeah, M.D.

Sarcoid

Jennifer A. Cowger, M.D.
Cori Russel, M.D.
Alex Michaels, M.D.

Surgical options for atrial fibrillation

Adam Daly M.D.
Hassan Nemeah, M.D.
Kyle Miletic M.D.

Surgical solutions for advanced heart failure

Hassan Nemeah, M.D.
Kyle Miletic M.D.

Surgical therapies for advanced heart failure

David E. Lanfear, M.D.

TEE guidance of mitral transcatheter edge to edge repair

James Lee, M.D.

Temporary mechanical circulatory support

Khaldoon Alaswad, M.D.
Babar Basir, D.O.
Jennifer Cowger, M.D.
Gillian Grafton, D.O.
David E. Lanfear, M.D.

Tricuspid regurgitation

Pedro Engel, M.D.
Tiberio Frisoli, M.D.
Brian O'Neill, M.D.
Pedro Villablanca, M.D.

Understanding metabolic syndrome and obesity

Dennis J. Kerrigan, Ph.D.

Ventricular assist devices

Babar Basir, M.D.
Jennifer A. Cowger, M.D.
Hassan Nemeah, M.D.
Kyle Miletic M.D.

Colon and rectal surgery – topics and speakers

Speakers for all topics listed:

Megumi Asai, M.D.
Edwin R. Itenberg, D.O.
Surya Nalamati, M.D.
Craig Reickert, M.D.
Amalia J. Stefanou, M.D.
Shawn P. Webb, M.D.

- Benign anal rectal diseases
- Colon cancer treatment with minimally invasive techniques
- Diverticulitis – minimally invasive surgical options
- Hemorrhoids and anorectal bleeding – latest management options
- Rectal cancer treatment
- Robotic colon and rectal surgery
- Surgical treatment of inflammatory bowel disease
- Transanal surgery – a minimally invasive option for removal of rectal tumors

Ear, nose, and throat – topics and speakers

Acute mastoiditis

Alvin Ko, M.D.

Deep neck space infections

Alvin Ko, M.D.

Diagnosing and managing odontogenic sinusitis

John Craig, M.D.

ENT Emergencies

Ravi R. Shah, M.D.

ENT topics you always want to know about but were afraid to ask (for primary care)

Alvin Ko, M.D.

Evaluation/management of thyroid nodules

Suhael Momin, M.D.

Facial rejuvenation surgery for the PCP

Robert Deeb, M.D.

Free flap reconstruction of head and neck

Suhael Momin, M.D.

Functional nasal surgery

Robert Deeb, M.D.

Function outcomes of the head and neck cancer

Suhael Momin, M.D.

Head and neck cancer

Suhael Momin, M.D.

HPV and head and neck cancer

Suhael Momin, M.D.

How a wholefood plant based diet can support physician wellness

Laura Brainard, M.D.

Hypoglossal nerve stimulation for OSA

Suhael Momin, M.D.

Hypoglossal Nerve Stimulation and other surgeries for Obstructive Sleep Apnea (OSA)

Ravi R. Shah, M.D.

Management of benign non-neoplastic Salivary Gland Disease

Christie L. Morgan, M.D.

Management of facial trauma

Robert Deeb, M.D.

Nonmelanoma skin cancer management

Alvin Ko, M.D.

Otitis media

Alvin Ko, M.D.

Patient-Reported Outcome Measures (PROMs) in Otolaryngology

Ravi R. Shah, M.D.

Pediatric congenital neck masses

Ilaaf Darrat, M.D.

Pediatric hearing loss

Ilaaf Darrat, M.D.

Pediatric obstructive sleep apnea

Ilaaf Darrat, M.D.

Pediatric Sleep-Disordered Breathing (SDB)

Ravi R. Shah, M.D.

Reconstruction of the ear

Robert Deeb, M.D.

Rhinoplasty (cosmetic nasal surgery)

Robert Deeb, M.D.

Sialendoscopy and minimally invasive salivary gland surgery for salivary gland preservation

Christie L. Morgan, M.D.

Sialendoscopy in pediatric patients

Christie L. Morgan, M.D.

Soft tissue reconstruction of the face, head and neck

Robert Deeb, M.D.

Tired of Being Tired: CPAP Alternatives for the PAP-Intolerant OSA Patient

Ravi R. Shah, M.D.

Workup/evaluation of neck masses (for PCP/non-otolaryngology audience)

Suhael Momin, M.D.

Gastroenterology – topics and speakers

Advances in endoscopy

Tobias Zuchelli, M.D.

An update in therapy for IBD

Nirmal Kaur, M.D.

Bariatric endoscopy

Tobias Zuchelli, M.D.

Bariatric endoscopy therapy

Tobias Zuchelli, M.D.

Clinical trials in IBD

Nirmal Kaur, M.D.

Colon cancer screening

Keith Mullins, M.D.

Chronic constipation

Susanne Shokoohi, M.D.

De-escalation in IBD

Nirmal Kaur, M.D.

Dermatologic issues in IBD across a diverse population

Jason Schairer, M.D.

Direct cholangioscopy

Sumit Singla, M.D.

Endoscopic management of achalasia

Cyrus Piraka, M.D.

Endoscopic ultrasound eosinophilic esophagitis

Jeffrey Tang, M.D.

ERCP

Andrew Watson, M.D.

Tobias Zuchelli, M.D.

ERCP for PSC

Sumit Singla, M.D.

ERCP in cholangiocarcinoma diagnosis, staging, and treatment

Sumit Singla, M.D.

Esophageal disorders

Brian Ginnebaugh, M.D.

Esophageal dysmotility

Eva Alsheik, M.D.

Esophageal manometry

Brian Ginnebaugh, M.D.

EUS

Andrew Watson, M.D.

Tobias Zuchelli, M.D.

Evaluation of the post surgical anatomy including IPAA and ostomies

Jason Schairer, M.D.

GI tract fistula closure

Tobias Zuchelli, M.D.

Hospitalized patients with gastrointestinal bleeding

Adarsh Varma, M.D.

IBD and pregnancy

Nirmal Kaur, M.D.

Jason Schairer, M.D.

Indications for surgery in IBD

Jason Schairer, M.D.

Management of GERD and hiatal hernias

Eva Alsheik, M.D.

Motility, constipation, diarrhea

Eva Alsheik, M.D.

Motility disorders

Brian Ginnebaugh, M.D.

Optimization of IBD medications

Jason Schairer, M.D.

Perianal manifestations and treatment of IB

Jason Schairer, M.D.

POEM procedures

Cyrus Piraka, M.D.

Submucosal endoscopy/ESD

Cyrus Piraka, M.D.

Surgical issues in IBD therapeutic drug monitoring in IBD

Jason Schairer, M.D.

Update on Barrett's esophagus

Ikenna Okereke, M.D.

Update on GERD

Eva Alsheik, M.D.

Healthcare & research leadership

The role of research in advancing vascular surgery practices

Loay Kabbani, M.D.

Balancing clinical practice and academic research

Loay Kabbani, M.D.

How to develop and sustain a successful research program in surgery

Loay Kabbani, M.D.

Hepatology- topic and speakers

Abnormal LFTs

Kimberly Brown, M.D.

Syed Mohammed Jafri, M.D.

Acute liver failure

Kimberly Brown, M.D.

Syed Mohammed Jafri, M.D.

Reena Salgia, M.D.

Ashina Singh, M.D.

Alcoholic liver disease

Kimberly Brown, M.D.

Dilip Moonka, M.D.

Autoimmune hepatitis

Kimberly Brown, M.D.

Allyce Caines, M.D.

Syed Mohammed Jafri, M.D.

Cirrhosis

Kimberly Brown, M.D.

Allyce Caines, M.D.

Humberto Gonzalez, M.D.

Reena Salgia, M.D.

Deepak Venkat, M.D.

Drug induced liver injury

Kimberly Brown, M.D.

Syed Mohammed Jafri, M.D.

Deepak Venkat, M.D.

Hep A

Kimberly Brown, M.D.

Hep B

Kimberly Brown, M.D.

Syed Mohammed Jafri, M.D.

Hep C

Kimberly Brown, M.D.

Syed Mohammed Jafri, M.D.

Hep E

Kimberly Brown, M.D.

Hepatocellular cancer

Kimberly Brown, M.D.

Syed Mohammed Jafri, M.D.

Reena Salgia, M.D.

Intestine transplant

Syed Mohammed Jafri, M.D.

Liver transplant

Kimberly Brown, M.D.

Syed Mohammed Jafri, M.D.

Reena Salgia, M.D.

Management of complications of portal hypertension

Kimberly Brown, M.D.

Metabolic Associated Steatohepatitis (MASH)

Kimberly Brown, M.D.

Humberto Gonzalez, M.D.

Dilip Moonka, M.D.

Deepak Venkat, M.D.

Pregnancy and liver disease

Allyce Caines, M.D.

Primary biliary cholangitis

Kimberly Brown, M.D.

Allyce Caines, M.D.

Syed Mohammed Jafri, M.D.

Primary sclerosing cholangitis

Kimberly Brown, M.D.

Syed Mohammed Jafri, M.D.

Short bowel syndrome

Syed Mohammed Jafri, M.D.

Infectious disease

Antimicrobial stewardship (inpatient and/or outpatient)

Anita B. Shallal, M.D.

Approach to fever in the ICU

William P. Dillon, D.O.

Approach to Osteomyelitis and septic arthritis

William P. Dillon, D.O.

Bartonellosis

Eloy Ordaya Espinoza, M.D.

Biologic therapy and infection risk

William P. Dillon, D.O.

Clinical spectrum and antifungal resistance in cryptococcosis

Eloy Ordaya Espinoza, M.D.

Diabetic foot infections

Anne Y. Chen, M.D.

Endocarditis

Navina K. Birk, M.D.

Healthcare-associated Infections

Anita B. Shallal, M.D.

Anne Y. Chen, M.D.

HIV treatment and access, HIV prevention and HIV drug resistance

Smitha Gudipati, M.D.

HIV prevention, including pre-exposure prophylaxis and post-exposure prophylaxis

Nicholas Yared, M.D.

Impact of one health on antimicrobial resistance

Anita B. Shallal, M.D.

Infections due to non-aspergillus molds

William P. Dillon, D.O.

Infections in immunocompromised host

William P. Dillon, D.O.

Continued

Infection prevention/control and stewardship in global settings

Anita B. Shallal, M.D.

Innovations in HIV Therapeutics, including long-acting injectable therapies

Nicholas Yared, M.D.

Management of febrile neutropenia

George J. Alangaden, M.D.

Management of infections in immunocompromised patients

George J. Alangaden, M.D.

Management of infections in patients with cancer

George J. Alangaden, M.D.

Management of infections in transplant patients

George J. Alangaden, M.D.

Management of skin and soft tissue infection

Marcus J. Zervos, M.D.

Novel diagnostics and therapeutic options in invasive candidiasis

Eloy Ordaya Espinoza, M.D.

Perinatal HIV infection

Indira Brar, M.D.

Pre-transplant evaluation from an infectious diseases standpoint

Navina K. Birk, M.D.

Prep for HIV

Indira Brar, M.D.

Prosthetic joint infections and osteomyelitis

Anne Y. Chen, M.D.

Skin and soft tissue infections

Anne Y. Chen, M.D.

Syphilis

Indira Brar, M.D.

Treatment of community acquired pneumonia

Marcus J. Zervos, M.D.

Treatment of hospital acquired infections

Marcus J. Zervos, M.D.

Urinary infections

Anne Y. Chen, M.D.

Innovation & technology in surgery

Using data science to improve patient outcomes in vascular surgery

Loay Kabbani, M.D.

Interventional radiology – topics and speakers

Neuro interventional radiology

Pouya Entezami, M.D.

Radiofrequency ablation of liver, kidney, lung, and bone

Marwan S. Abouljoud, M.D.

Medical education & training

Enhancing resident education through technology and innovation

Loay Kabbani, M.D.

Surgical training and simulation in vascular surgery

Loay Kabbani, M.D.

Teaching endovascular techniques: best practices and pitfalls

Loay Kabbani, M.D.

The future of vascular surgery fellowships and training models

Loay Kabbani, M.D.

Multidisciplinary approach transgender care – topics and speakers

Presented as a 4 hour multi-disciplinary lecture.

Bottom surgery, fertility preservation and urological care in transgender patients

Nabeel Shakir, M.D.

Ali Dabaja, M.D.

Facial feminization surgery

Laura Garcia-Rodriguez, M.D.

Gender affirming top surgery

Donna Tepper, M.D.

Presurgical psychosocial evaluation for gender affirming surgery

Amy Williams, PhD, LP

Providing gender affirming primary care across the lifespan

Maureen Connolly, M.D.

Rachel Lee, M.D.

Neuro interventional radiology – topics and speakers

Speakers for all topics listed below:

Alex Chebl, M.D.

Maximilian K. Kole, M.D.

Horia L. Marin, M.D.

- Acute stroke treatment
- Cerebral venous stenoses and thrombosis: presentation and endovascular management
- Endovascular management of brain AVM's and AV Fistulas
- Management of chronic total carotid artery occlusion
- Management of idiopathic intracranial hypertension with attention of venous sinus stenting
- Management of intracranial atherosclerosis
- Management of TIA
- Neuroimaging in acute stroke
- Pediatric neuro interventions
- Revascularization of cervical arterial stenosis
- Role of cerebral angiography in management of rare cerebrovascular conditions: moyamoya, vasculitis and other vasculopathies
- Secondary stroke prevention
- Therapeutic embolization of head and neck conditions: epistaxis, tumors, subdural hematomas and beyond
- Update on management of subarachnoid hemorrhage and cerebral vasospasm

Continued

Neuroscience – topics and speakers

Advances in acute care neurology

Andrea Abousamra, D.O.
Mirjon Bishja, M.D.
Eric Goldstein, M.D.
Susan Hickenbottom, M.D.

Advanced diagnostic tools for the epilepsy patient: epilepsy monitoring unit, MEG Lab

Omar Danoun, M.D.

Advances in epilepsy

Omar Danoun, M.D.
Vibhangini Wasade, M.D.

Advances in epilepsy surgery

Danika Paulo, M.D.
Efsthios Kondylis, M.D.

Advances in headache management

Ashhar Ali, D.O.
Mary Megally, D.O.
Dace Zvirbulis, M.D.

Advances in movement disorders: Parkinson's disease, tremors

Ellen Air, M.D.
Bisena Bulica, M.D.
Zehra Farzal, M.D.
Isaac Goldszer, M.D.
Efsthios Kondylis, M.D.
Danika Paulo, M.D.

Advances in neuro-cognitive care

Marina Novikova, D.O.

Advances in neuro critical care

Brad Howell, M.D.
Chandan Mehta, M.D.

Advances in pediatric neurology

Jules Constantinou, M.D.
Joy Lerner, M.D.

Advances in radiosurgery

Adam Robin, M.D.
Salim Siddiqui, M.D.

Advances in therapeutic endovascular neuro-radiology

Alex Chebl, M.D.
Pouya Entezami, M.D.
Maximilian K. Kole, M.D.
Horia L. Marin, M.D.

Advances in the treatment of brain aneurysms, AVMs and CAD (carotid artery disease)

Angelos Katramados, M.D.
Maximilian K. Kole, M.D.
Ghaus M. Malik, M.D.

Advances in the treatment of head injuries

Asim Mahmood, M.D.
Omar Danoun, M.D.

Balance and falls

Isaac Goldszer, M.D.

Benefits of deep brain stimulation

Ellen Air, M.D.
Bisena Bulica, M.D.
Zehra Farzal, M.D.
Efsthios Kondylis, M.D.
Danika Paulo, M.D.
Jason M. Schwalb, M.D.

Cervical spine disorders

Muwaffak Abdulhak, M.D.
Victor Chang, M.D.
Mokbel K. Chedid, M.D.

Clinical trials in neuro-oncology

James Snyder, M.D.
Tobias Walbert, M.D.

Intercranial hemorrhage

Pouya Entezami, M.D.
Donald M. Seyfried, M.D.

Interventional management of head and neck vascular malformations

Alex Chebl, M.D.
Pouya Entezami, M.D.
Maximilian K. Kole, M.D.
Horia L. Marin, M.D.

Latest treatments for brain cancer

Ian Lee, M.D.
Adam Robin, M.D.
James Snyder, M.D.
Tobias Walbert, M.D.

Management of neuromuscular diseases

Xemina Arcila-Londono, M.D.
Kavita Grover, M.D.
Abbas Jowkar, M.D.
Holly Lorigan, D.O.
Daniel S. Newman, M.D.

Management of spinal metastases

Adam Robin, M.D.

Minimally invasive spine surgery techniques

Muwaffak M. Abdulhak, M.D.
Victor Chang, M.D.

Multidisciplinary approach to spine care

Muwaffak M. Abdulhak, M.D.
Victor Chang, M.D.

Multiple sclerosis

Helena Bulka, D.O.
Mirela Cerghet, M.D.

New surgical techniques for brain tumors

Ian Lee, M.D.

New surgical trials for gliomas

Ian Lee, M.D.

Normal pressure hydrocephalus

Pouya Entezami, M.D.

Palliative care in end-of-life neurology

Tobias Walbert, M.D.

Signs, symptoms and treatment of stroke; strategies to reduce stroke risk

Alex Chebl, M.D.
Angelos Katramados, M.D.
Maximilian K. Kole, M.D.
Horia L. Marin, M.D.
Daniel Miller, M.D.

Skull base surgery at Henry Ford: an ENT neurosurgery collaboration

John R. Craig, M.D.
Jack P. Rock, M.D.

Strategies to reduce stroke risk

Angelos Katramados, M.D.

Surgery for psychiatric disorders

Danika Paulo, M.D.

Treatment updates in brain cancer

James Snyder, M.D.
Tobias Walbert, M.D.

Ophthalmology – topics and speakers

Bionic vision

Daniel L. Rathbun, PhD.

Cataract surgery in eyes with previous refractive surgery

Man Li Jin, M.D.

Cataract surgery in patients with corneal conditions

Samantha M. Arsenault, M.D.

Complex cataract surgery and intraocular lens exchange

David A. Crandall, M.D.

Corneal conditions

Samantha M. Arsenault, M.D.

Corneal transplant surgery

Samantha M. Arsenault, M.D.

Corneal ulcers and infections

Samantha M. Arsenault, M.D.

Drooping lids: ptosis, upper lid dermatochalasis, and brow ptosis

Taylor Fields, M.D.

Eyelid cancer

Taylor Fields, M.D.

Eyelid malpositions: ectropion and entropion diseases of the orbit including malignancy and inflammatory conditions-periorbital trauma

Taylor Fields, M.D.

Facial rejuvenation

Taylor Fields, M.D.

Oculoplastics

Taylor Fields, M.D.

Pediatric Ophthalmology surgical treatment of double vision

Sharmila Segar, M.D.

Sight restoration: gene therapy, stem cell therapy, and optogenetics

Daniel L. Rathbun, PhD.

Sports vision – trauma

David J. Goldman, M.D.

Sports vision – training/optimizing

David J. Goldman, M.D.

Thyroid eye disease

Taylor Fields, M.D.

Uveitis and medical retina

Therese Sassalos, M.D.

Orthopedic surgery – topics and speakers

Adult spinal deformity: new techniques and technology

Kevin Taliaferro, M.D.

Advances in treatment of soft tissue sarcomas

Michael P. Mott, M.D.

Cervical myelopathy: evaluation and management

Kevin Taliaferro, M.D.

Compressive neuropathies of the upper extremity

Andrew Baron, M.D.

Charles Day, M.D.

Elizabeth King, M.D.

Michael Korn, M.D.

Current concepts in hip preservation surgery

Craig D. Silvertown, D.O.

Current concepts in hip replacement surgery

W. Trevor North, M.D.

Robb Weir, M.D.

Current concepts in hip revision replacement

W. Trevor North, M.D.

Current concepts in knee ligament surgery

Patricia A. Kolowich, M.D.

Eric C. Makhni, M.D.

Current concepts in knee replacement surgery

W. Trevor North, M.D.

Robb Weir, M.D.

Current concepts in knee revision replacement

W. Trevor North, M.D.

Current concepts in rotator cuff disease

Patricia A. Kolowich, M.D.

Eric C. Makhni, M.D.

Current concepts in shoulder replacement surgery

Patricia A. Kolowich, M.D.

Eric C. Makhni, M.D.

Current concepts in the treatment of scapholunate ligament injuries of the wrist

Charles S. Day, M.D.

Damage control in orthopaedic trauma

S. Trent Guthrie, M.D.

William M. Hakeos, M.D.

Joseph J. Hoegler, M.D.

Diagnosis and management of complex elbow instability

Stephen P. DeSilva, M.D.

Dupuytren's contracture

Michael Korn, M.D.

DVT prophylaxis: current concepts and recommendations

W. Trevor North, M.D.

Craig D. Silverton, D.O.

Elbow injuries in baseball players/overhead athletes

Eric C. Makhni, M.D.

Elbow pain in athletes

Eric C. Makhni, M.D.

Elbow trauma

Stephen P. DeSilva, M.D.

Evaluation and management of distal radius fractures: from the ER to the OR

Andrew Baron, M.D.

Michael Korn, M.D.

Evaluation and management of foot and ankle injuries

William M. Hakeos, M.D.

Evaluation and management of hand and wrist pain

Charles S. Day, M.D.

Evaluation of the orthopaedic trauma patient

William M. Hakeos, M.D.

Joseph J. Hoegler, M.D.

Evaluation and treatment of shoulder pain

Eric C. Makhni, M.D.

Brian K. Rill, M.D.

Flexor tendon injuries

Andrew Baron, M.D.

Geriatric fractures

S. Trent Guthrie, M.D.

Gunshot/blast injury

Craig D. Silverton, D.O.

Hand trauma

Charles S. Day, M.D.

Hand and wrist joint replacements

Charles Day, M.D.

Hip resurfacing in the active patient

Craig D. Silverton, D.O.

Joint preservation options in the adult knee

Brian K. Rill, M.D.

Knee instability

Eric C. Makhni, M.D.

Continued

Latest innovations in carpal tunnel surgery

Andrew Baron, M.D.

Charles Day, M.D.

Ligament injuries in the adult knee

Eric C. Makhni, M.D.

Vasilios (Bill) Moutzouros, M.D.

Ligamentous injuries around the wrist

Charles Day, M.D.

Limb salvage for malignant bone tumors

Michael P. Mott, M.D.

Lumbar Stenosis: evaluation and treatment

Kevin Taliaferro, M.D.

Management of bone and soft tissue sarcomas

Michael P. Mott, M.D.

Management of ulnar-sided wrist pain

Andrew Baron, M.D.

Revision spine surgery

Kevin Taliaferro, M.D.

Revision total elbow arthroplasty

Stephen P. DeSilva, M.D.

Rheumatoid hand pathology and treatment

Elizabeth King, M.D.

The polytrauma patient

S. Trent Guthrie, M.D.

Scaphoid fractures and nonunion

Elizabeth King, M.D.

Shoulder pain in young adults

Eric C. Makhni, M.D.

Shoulder arthritis

Eric C. Makhni, M.D.

Shoulder injuries in baseball players overhead athletes

Eric C. Makhni, M.D.

Shoulder pain in athletes

Eric C. Makhni, M.D.

Sports related hand injuries and return to play

Elizabeth King, M.D.

Surgical treatment of knee arthritis in baby boomer athletes

W. Trevor North, M.D.

Craig D. Silverton, D.O.

Technology use in hip and knee arthroplasty

W. Trevor North, M.D.

Thumb CMC arthritis

Michael Korn, M.D.

Total elbow arthroplasty

Stephen P. DeSilva, M.D.

Treatment of hand and upper extremity infections

Andrew Baron, M.D.

Treatment of long bone fractures

S. Trent Guthrie, M.D.

William M. Hakeos, M.D.

Joseph J. Hoegler, M.D.

Treatment of pathologic fractures in metastatic bone disease

Michael P. Mott, M.D.

Value based care in orthopaedic surgery

Charles Day, M.D.

Pediatric radiology – topics and speakers

Karyn Ledbetter, M.D.

Child abuse radiographic findings

Denise Collins, M.D.

Child abuse: role of imaging

Denise Collins, M.D.

Imaging in child with abdominal and pelvic pain

The limping child

Jessica Leschied, M.D.

Other topics available upon request

Denise Collins, M.D.

Radiation safety and dosage in pediatric radiology

Gauravi Sabharwal, M.D.

Physician wellness – topics and speakers

Speaker for all topics listed below:

Lisa MacLean, M.D.

- 7 tips to building a vision for a healthier you!
- The benefits of teaching
- Building positivity and confidence in the practice of medicine
- Clinician grief and loss
- Compassion fatigue: caring for the caregiver
- Creating a culture of support and trust
- Dare to lead
- The disruptive physician: now what?
- Easy ways to build resilience for busy doctors
- Emotional intelligence: in your organization culture, patient safety and patient experience
- Finding fulfillment despite it all
- Finding gratefulness
- Fostering intentional professional connections
- Growing leadership skills
- Having the courage to be a resonant leader
- The healing properties of being a doctor
- How to cultivate a psychologically safe space for leaders
- The leadership challenge
- The longest lever: harnessing the power of leadership to improve physician well-being
- Managing conflict
- Moral distress: what is it? Can we heal it?
- Negotiating work-life integration
- Noticing
- Recognizing and addressing struggling learners
- Reducing distractions in order to improve productivity
- Responding to suffering
- Organizational approaches to improve well-being for healthcare professionals
- Physician burnout
- The power of happiness
- Practical tips to prevent physician burnout
- Preventing physician suicide
- The second victim effect: what is it and how to heal it?
- Staying human during residency
- Stop physician burnout; what you can do!
- Substance use in physicians: what to do?
- I think I'm burned out: now what?
- Teamwork
- Uncertainty
- Using positivity to build your best future
- What's love got to do with it?

Plastic surgery – topics and speakers

All Henry Ford Medical Group plastic surgeons:

Body contouring

Dunya Atisha, M.D.
Jenna Luker, M.D.

Complex soft tissue reconstruction options

Dunya Atisha, M.D.
Maristella Evangelista, M.D.
Kenneth Moquin, M.D.
Jenna Luker, M.D.

Complex wound care

Kenneth Moquin, M.D.
Aamir Siddiqui, M.D.

Evaluation and treatment of sternal wound infections

Herman P. Houin, M.D.
Kenneth Moquin, M.D.

Facial rejuvenation without the incisions

Dunya Atisha, M.D.
Herman P. Houin, M.D.
Jenna Luker, M.D.
Donna G. Tepper, M.D.

Lasers in facial rejuvenation

Dunya Atisha, M.D.
Donna G. Tepper, M.D.
Herman P. Houin, M.D.
Jenna Luker, M.D.

Management of common hand complaints

Peter Janevski, M.D.
Aamir Siddiqui, M.D.

Minimal scar breast reduction

Herman P. Houin, M.D.
Jenna Luker, M.D.
Donna G. Tepper, M.D.

Plastic surgery

Dunya M. Atisha, M.D.
Vigen B. Darian, M.D.
Maristella Evangelista, M.D.
Herman P. Houin, M.D.
Jenna Luker, M.D.
Kenneth J. Moquin, M.D.
Aamir Siddiqui, M.D.
Donna G. Tepper, M.D.

Plastic surgery of the breast

Dunya M. Atisha, M.D.
Herman P. Houin, M.D.
Jenna Luker, M.D.
Donna G. Tepper, M.D.

Plastic surgery of the face and neck

Vigen B. Darian, M.D.
Herman P. Houin, M.D.
Donna G. Tepper, M.D.

The pros and cons of plastic surgery

Dunya M. Atisha, M.D.
Vigen B. Darian, M.D.
Maristella Evangelista, M.D.
Herman P. Houin, M.D.
Jenna Luker, M.D.
Kenneth J. Moquin, M.D.
Aamir Siddiqui, M.D.
Donna G. Tepper, M.D.

Rhinoplasty (cosmetic nasal surgery)

Herman Houin, M.D.

Skin cancer update

Herman Houin, M.D.

Soft tissue reconstruction of the face, head and neck

Vigen B. Darian, M.D.
Maristella Evangelista, M.D.
Aamir Siddiqui, M.D.

Updates in breast reconstruction

Dunya M. Atisha, M.D.

Maristella Evangelista, M.D.

Jenna Luker, M.D.

Upper extremity nerve compression from the neck to the fingers

Peter Janevski, M.D.

Aamir Siddiqui, M.D.

Why choose Mohs micrographic surgery

Vigen B. Darian, M.D.

Herman P. Houin, M.D.

Wrist pain in the weekend warrior

Peter Janevski, M.D.

Smoking cessation and its impact on vascular disease

Loay Kabbani, M.D.

Pulmonary medicine – topics and speakers

Advanced diagnostic pulmonary procedures
(including navigational and robotic bronchoscopy)

Avi Cohen M.D.

Javier Diaz-Mendoza, M.D.

Michael Simoff, M.D.

BLVR (Bronchoscopic Lung Volume Reduction)

Avi Cohen, M.D.

Rebecca Priebe, NP

Cardiopulmonary exercise testing

Michael Lazar, M.D.

Chronic thromboembolic pulmonary hypertension

Bryan Kelly, D.O.

Complex asthma

Dania Shakaroun

Concepts and controversies in management of submassive pulmonary embolism

Bryan Kelly, D.O.

Diagnostic work-up for pleural effusion

Labib Debiane, M.D.

Javier Diaz-Mendoza, M.D.

Diagnosis and management of ARDS

Owais Nadeem, M.D.

Diagnosis and management of malignant pleural effusion

Avi Cohen, M.D.

Labib Debiane, M.D.

Diagnosis and staging of lung cancer

Labib Debiane, M.D.

Interventional pulmonary techniques

Avi Cohen M.D.

Javier Diaz-Mendoza, M.D.

Michael Simoff, M.D.

Lung cancer screening

Avi Cohen, M.D.

Michael Simoff, M.D.

Lung transplant topics

Kaitlin Olexsey, D.O.

Management of lung nodules

Avi Cohen, M.D.

Operationalizing pulmonary embolism response teams

Bryan Kelly, D.O.

PFT interpretation

Michael Lazar, M.D.

Continued

Post P.E. syndrome

Bryan Kelly, D.O.

**Pulmonary embolism response teams:
sometimes it takes a village**

Bryan Kelly, D.O.

Updates in pulmonary hypertension

Bryan Kelly, D.O.

Updates in outpatient COPD management

Patrick Bradley, M.D.

Venovenous ECMO in ARDS

Jayna Gardner-Gray, M.D.

Radiology – topics and speakers

Breast cancer screening guidelines

Sabala Mandava, M.D.

Decision support in radiology

Dan Siegal, M.D.

Imaging informatics (overview)

Dan Siegal, M.D.

Musculoskeletal MRI

Dan Siegal, M.D.

**Musculoskeletal ultrasound – diagnostic
and interventional**

Dan Siegal, M.D.

Practical MRI physics

Nicholas Bevins, PhD.

Using informatics to drive value in imaging

Dan Siegal, M.D.

Rheumatology – topics and speakers

Approach to asymptomatic high CPK (hyperCKemia)

Alireza Meysami, M.D., CPE, RhMSUS

Diagnosis and treatment of psoriatic arthritis

Alireza Meysami, M.D., CPE, RhMSUS

Diagnosis and treatment of IgG-4 related disease

Alireza Meysami, M.D., CPE, RhMSUS

**Diagnosis and treatment of systemic
lupus erythematosus**

Kathleen McKinnon, D.O., MPH

Diagnosis approach to vasculitis

Kathleen McKinnon, D.O., MPH

Early diagnosis and treatment of rheumatoid arthritis

Alireza Meysami, M.D., CPE, RhMSUS

Practical approach to gout, dos and don'ts

Alireza Meysami, M.D., CPE, RhMSUS

Sleep medicine – topics and speakers

ALS and respiratory muscle weakness

Luisa Bazan, M.D.

Circadian rhythm and associated disorders

David Gessert, M.D.

Cognitive behavioral therapy for insomnia

Maren Hyde-Nolan, PhD.

General overview of OSA

David Gessert, M.D.

General talks on RLS and insomnia

Virginia Skiba, M.D.

Home ventilation

Luisa Bazan, M.D.

Hypoventilation syndromes

Luisa Bazan, M.D.

Insomnia

David Gessert, M.D.

Non-invasive ventilation

Luisa Bazan, M.D.

Obstructive sleep apnea

Maria Tovar Torres, M.D.

OSA as it relates to stroke, dementia and other neurologic issues

Virginia Skiba, M.D.

REM sleep behavior disorder

Virginia Skiba, M.D.

Sleep and safety

Luisa Bazan, M.D.

Sleep and sports medicine

David Gessert, M.D.

Sleep apnea and cardiovascular complications

Luisa Bazan, M.D.

Sleep apnea and obesity hypoventilation syndrome

Luisa Bazan, M.D.

Sleep apnea and preoperative evaluation

Luisa Bazan, M.D.

Sleep apnea and pulmonary disorders

Luisa Bazan, M.D.

Sleep disorders and women

Luisa Bazan, M.D.

Sleep hygiene

David Gessert, M.D.

Snoring

Maria Tovar Torres, M.D.

Thoracic surgery – topics and speakers

Speakers for all topics listed below:

Raed Alnajjar, M.D.

Miguel Alvelo-Rivera, M.D.

Michael Bousamra, M.D.

Corbin Cleary, M.D.

Andrew Popoff, M.D.

Ikenna Okereke, M.D.

- 3-dimensional printing for patient counseling
- Chest wall tumors
- Diseases of the mediastinum
- Emphysema, pulmonary fibrosis, and other end-stage lung diseases
- Esophageal cancer
- Esophageal dysmotility
- GERD and acid reflux, including LINX surgery
- Hiatal hernia
- Hyperhidrosis
- Lung cancer
- Management of complicated hiatal hernia
- Management of GERD and hiatal hernias
- Management of lung nodules
- Minimally invasive surgery (lung cancer)
- Pectus excavatum
- Robot-assisted lung and esophageal surgery
- Tracheal stenosis
- VATS and robotics
- Video-assisted thoracoscopic surgery (VATS)

Transplantation surgery – topics and speakers

<https://www.henryford.com/hcp/med-ed/speakers-bureau/transplant>

Trauma and critical care – topics and speakers

ARDS

Jeffery Johnson, M.D.

Damage control in orthopaedic trauma

S. Trent Guthrie, M.D.

William M. Hakeos, M.D.

Joseph J. Hoegler, M.D.

Diagnosis and management of complex elbow instability

Stephen P. DeSilva, M.D.

Elbow trauma

Stephen P. DeSilva, M.D.

Evaluation of the orthopaedic trauma patient

Joseph J. Hoegler, M.D.

William M. Hakeos, M.D.

Geriatric fractures

S. Trent Guthrie, M.D.

Gunshot/blast injury

Craig D. Silverton, D.O.

Hand trauma

Charles S. Day, M.D.

Massive transfusion protocol

Jeffery Johnson, M.D.

Management of chest trauma

Anthony J. Falvo, D.O.

Management of facial trauma

Robert Deeb, M.D.

Management of penetrating abdominal, chest and extremity injuries

Jeffery Johnson, M.D.

Kevin Onofrey, M.D.

Trauma and critical care – topics and speakers continued

Pelvic fractures: associated injuries and acute management

Jeffery Johnson, M.D.

The polytrauma patient

S. Trent Guthrie, M.D.

Trauma and morbid obesity

Jeffery Johnson, M.D.

Trauma updates: systems, field triage, resuscitation

Jeffery Johnson, M.D.

Traumatic liver injuries

Jeffery Johnson, M.D.

Treatment of long bone fractures

S. Trent Guthrie, M.D.

William M. Hakeos, M.D.

Joseph J. Hoegler, M.D.

Vascular trauma

Loay S. Kabbani, M.D.

Urology – topics and speakers

Current management of kidney tumors

Amit Patel, M.D.

Craig Rogers, M.D.

Current options for management of benign prostatic hypertrophy (BPH)

David Leavitt, M.D.

Hans Stricker, M.D.

Evaluation, management and minimally invasive surgery for bladder cancer

Johar Raza, M.D.

Management of adrenal tumors

Craig Rogers, M.D.

Management of common conditions in female pelvic medicine

Logan Campbell, M.D.

Natalija Kovacevic, M.D.

Samantha M. Raffee, M.D.

Kandis Rivers, M.D.

Management of testicular cancer

Amit Patel, M.D.

New minimally invasive and image guided treatments for prostate cancer

Firas Abdollah, M.D.

Wooju Jeong, M.D.

James O. Peabody, M.D.

Craig Rogers, M.D.

Reconstructive urology and gender reaffirming surgery

Logan Campbell, M.D.

Marcus Jamil, M.D.

Nabeel A. Shakir, M.D.

Updates in men's health: infertility, hypogonadism, and fertility preservation

Ali Dabaja, M.D.

Amarnath Rambhatla, M.D.

Updates in the prevention and management of urinary stones

Naveen Kachroo, M.D., PhD.

David Leavitt, M.D.

Updates in prostate cancer screening

Firas F. Abdollah, M.D.

Vascular – topics and speakers

Vascular medicine and intervention

Renal denervation

Khaldoon Alaswad, M.D.

Herbert Aronow, M.D.

Gerald Koenig, M.D.

Lymphedema

Syed Ahsan, M.D.

Olusegun O. Osinbowale, M.D.

Venous insufficiency

Syed Ahsan, M.D.

Olusegun O. Osinbowale, M.D.

DVT

Vikas Aggarwal, M.D.

Syed Ahsan, M.D.

Olusegun O. Osinbowale, M.D.

Chronic thromboembolic disease

Vikas Aggarwal, M.D.

Carotid stenosis

Herbert Aronow, M.D.

Renal artery stenosis

Vikas Aggarwal, M.D.

Khaldoon Alaswad, M.D.

Herbert Aronow, M.D.

Multispecialty lower extremity PAD guidelines

Herbert Aronow, M.D.

Thrombophilias and coagulopathies

Syed Ahsan, M.D.

Olusegun O. Osinbowale, M.D.

Vasospastic disease

Syed Ahsan, M.D.

Olusegun O. Osinbowale, M.D.

Vascular surgery

Acute limb ischemia

Loay Kabbani, M.D.

Acute limb ischemia and evolution of thrombectomy devices

Timothy Nypaver, M.D.

Aortoiliac occlusive disease

Timothy Nypaver, M.D.

Aortic aneurysm, infrarenal and change

Timothy Nypaver, M.D.

Aortic aneurysm, juxtarenal and pararenal, endovascular options

Andi Peshkepija, M.D.

Aortic dissection: pathology, and outcomes

Loay Kabbani, M.D.

Blunt aortic injuries

Jeffery Johnson, M.D.

Kevin Onofrey, M.D.

Carotid endarterectomy for acute mild to moderate stroke during index hospital admission

Sachinder S. Hans, M.D.

Chronic limb-threatening ischemia: latest treatment strategies

Timothy Nypaver, M.D.

Claudication, diagnosis and management

Timothy Nypaver, M.D.

Deep Vein Thrombosis: management of iliofemoral DVT

Tamer Boules, M.D.

Dialysis access

Kevin Onofrey, M.D.

Endovascular vs. open surgical techniques in vascular surgery

Loay Kabbani, M.D.

Exercise training for symptomatic peripheral artery disease

Syed Ahsan, M.D.

Jonathan Ehrman, Ph.D.

Olesegun Osinbowale, M.D.

Infrarenal abdominal aortic aneurysm

Timothy Nypaver, M.D.

Limflow/ deep vein arterialization and other limb salvage methods in non-constructible peripheral arterial disease

Tamer Boules, M.D.

Management of lower extremity occlusive disease and chronic limb threatening ischemia

Timothy Nypaver, M.D.

Mesenteric artery occlusive disease

Timothy Nypaver, M.D.

Peripheral artery disease

Vikas Aggarwal, M.D.

Syed Ahsan, M.D.

Kaloon Alaswad, M.D.

Jonathan Ehrman, Ph.D.

Olesegun Osinbowale, M.D.

Peripheral arterial disease: diagnosis, treatment, and outcome

Loay Kabbani, M.D.

Thoracic outlet syndrome: arterial, venous and neurogenic

Mitchell Weaver, M.D.

Thoracic and thoracoabdominal aortic aneurysm

Loay Kabbani, M.D.

Transcarotid artery revascularization (TCAR)

Timothy Nypaver, M.D.

Vascular trauma: emergency management & surgical approaches

Loay Kabbani, M.D.

Venous disease: innovations in management and treatment

Tamer Boules, M.D.

Venous: varicose vein management

Paul Corcoran, M.D.
